

## **North of England Dobermann Club Championship Show 25<sup>th</sup> June 2022**

My thanks to the committee for the invitation to judge at this one of my favorite shows, to my very able stewards Sylvia and Pete and to the exhibitors for giving me the opportunity of judging your lovely Dobes.

The weather was kind to us albeit a little blustery at times, the ring was big with a few undulations in places, dogs and handlers coped well and in the main movement was not unduly compromised.

Temperaments and presentation was in the main good, there were a few exceptions however that would benefit with their teeth cleaned, nails trimmed as well as their whiskers.

That said, they were all in good condition, fit and looked splendid with their glossy coats glistening in the sunlight.

I judged to their movement as best I could and to the standard. My placing's seemed well received and I hope I have not offended any exhibitors as I judged all dogs on that day's performance. I would stress, we all take the best dog home regardless of their achievements.

## **Veteran (1)**

### **1<sup>ST</sup>. AMAZON BLACKPARK LOUIS VUITTON (Gregson)**

In his prime I can imagine this 8 ½ year old Bk/Rt was a force to be reckoned with and it would take something special to beat him. Loved his head and kind expressive eye and ear placement.

Put on a good performance despite his advancing years and carrying a little excess weight. So sound all through with his straight front, close elbows and an abundance of depth and good topline. Rear is well angulated with low set hocks. Handled calmly and gently, moved well enough. Hope he continues showing and goes on for many more years. **BVD**
