

**North of England Dobermann Club**  
**60<sup>th</sup> Anniversary Open Show**  
**22/06 /2024**  
**Judge LORD Norman Hughan ( Syrinx )**

I would like to thank the committee of the NoEDC for inviting me to judge there prestigious 60<sup>th</sup> anniversary show, and all the exhibitors that entered under me.

I was pleased to see our breed back to where it should be in regards to type and structure with good heads and head planes on slightly arched necks leading to gently sloping unbroken top lines with good length of rib and short coupling and strong well-muscled hind quarters good depth of chest and tight elbows, all these attributes i in found in best number of the exhibits, therefore my write up on individual winners and placings is rather clichéd due to all placed having all the attributes above to one degree or another
